FOREWORD

This 1970 **Catamount** presents the beginning of a new decade for you as well as for Potomac State College. The pages of this book portray the new decade and the new environment you have lived in for a full school year. This book presents places associated with you, new friendships developed, and the beginning of a truly new decade ahead. The staff of the 1970 **Catamount** sincerely hopes you will relive the start of this decade in years to come by reading through the pages of this yearbook from time to time during the 70's and beyond.

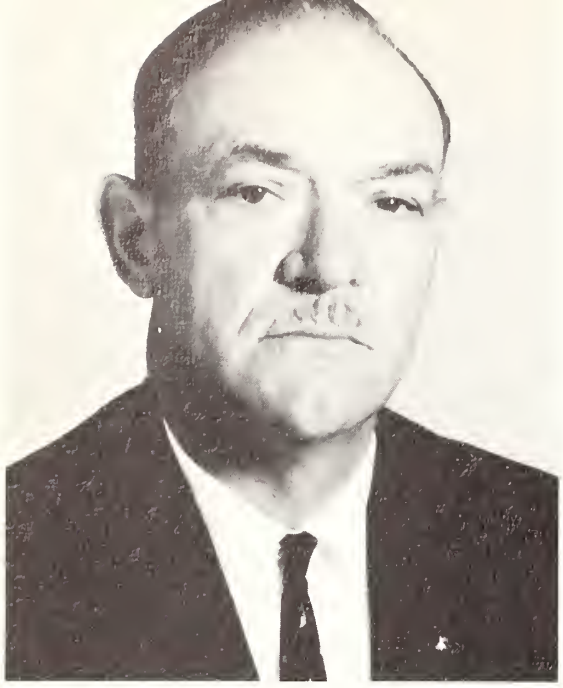
CYF Whale of a Game Float–3rd Prize Float

The Parade That Added Touch

The Queen and Her Attendants–Circle K Float

Phi Sigma Nu Float Honoring Coach Lough

"On For Victory" Rifle Team Float



DANA G. LOUGH

Thirty Five Years of Service

1935–1970

The West Virginia Hills, which he loves with a passion, are his heritage and the basic foundation of all that he believes in and has striven for. From these hills, and the wonderful couple whom he proudly acclaims as his parents, he inherited an incomparable physique, a strong mind and will, and a resoluteness of purpose that has found expression in every activity of his long and distinguished career. An All State selection at Morgantown High School, a "move me if you can" lineman on some of West Virginia University's greatest football teams, a stellar performer on the Ironton Tanks pro football team, a high school teacher, coach, and principal, prepared him for the tenure at Potomac State College beginning in 1935. His period of service spans more than one half of the history of the college. To the public he is known as an athletic coach,–and indeed his name is emblazoned among the GREAT in the records of The West Virginia Intercollegiate Athletic Conference and other Athletic Conferences. But his co-workers at Potomac State have known him also as a teacher of history, and, indeed, for a time as the teacher of physical education for women, and as the preceptor of the men's residence halls. A fierce but fair competitor, a stern but just disciplinarian,–he craved and fought for victory, but was never embittered by defeat. His greatest pride is his boys,–and he had this pride in both victory and defeat. And these boys have become leaders in their chosen fields,–medicine, law, engineering, education, ministry, coaching, business, government, and the armed services, and many there are who give him credit for opening the door of opportunity by inspiring them and making it possible for them to attend college. THESE MEN–ONLY BOYS GROWN TALL, bespeak the true worth of DANA GLENN (HORSE) LOUGH, to whom this book, in part, is dedicated.

Viola Umstot Lough

VIOLA UMSTOT LOUGH

Twenty Seven Years of Service

1943-1970

Since teams have been all-important to Coach Lough's career, it is appropriate to mention the other member of his personal team, his wife Viola, known to her friends as Vi, and to thousands of students as Mrs. Lough. She has always been the Coach's most loyal and devoted fan, experiencing all the trials of competition, suffering with him in defeat and rejoicing with him in victory.

During World War II, Vi was practically catapulted into two widely different fields of service to Potomac State College: that of preceptress of one wing of Davis Hall occupied by girls, and the more arduous one of school dietician. Needless to say, she served in both capacities with distinction. In 1945, the duty of preceptress was terminated, and Mrs. Lough's full time was devoted to the successful management of the dining hall, and to serving of delicious, well-balanced meals to resident students and staff members.

We, the members of the **Catamount** staff, express the gratitude and congratulations of thousands of students to this noble and proud team of Dana (Horse) Lough and his team mate, Vi. We thank them for their many years of service to our college, and we proudly dedicate this 1970 Catamount, in part, to Viola Umstot Lough.

Mrs. Lough Chats With the President

Ervin Leslie Dayton

ERVIN LESLIE DAYTON

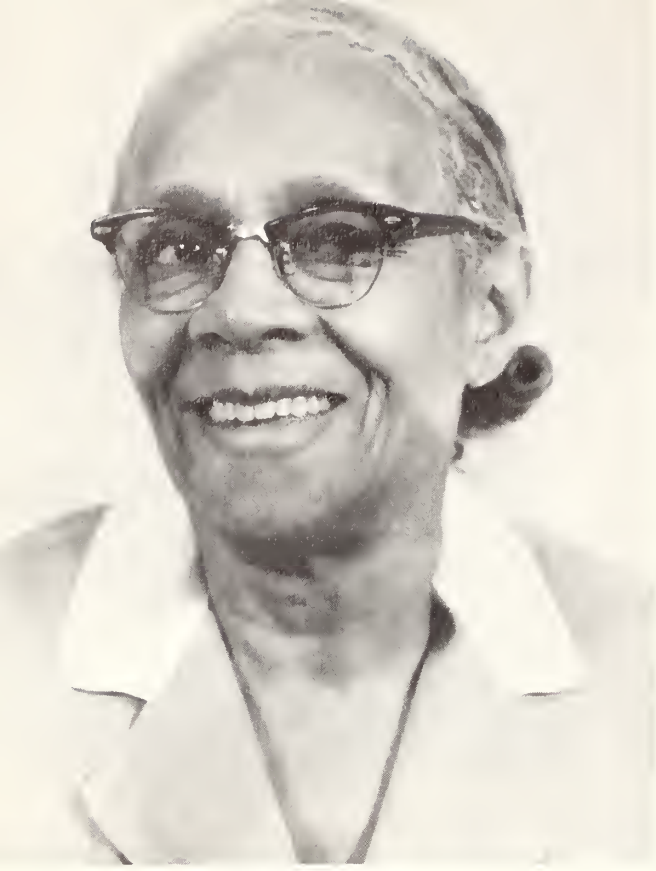
Thirty Three Years of Service

1937-1970

Professor Ervin Leslie Dayton, known to thousands of students and friends as "Ikey", has been an integral part of Potomac State College for thirty-seven years. He literally "beat the brush" for students for this college in his early days, and he has witnessed the gradual growth of this educational institution from a small school to a somewhat complex campus. "Ikey" has taught economics to many and given his students an insight into the fabulous world of Wall Street. He has served very well and willingly on numerous committees, and for many years was the extremely capable advisor to Theta Sigma Chi fraternity.

It is a compliment to "Ikey" to say, "Those who did not have him as a teacher had only a partial education." He gladly taught, and he served with devotion. The staff of the 1970 **Catamount** proudly dedicates this book, in part, to a gentleman, a teacher, and a devoted husband – Ervin Leslie Dayton.

Proudly He Served the Fraternity, And Gladly He Taught His Classes.



Isabella Rolls Clifford

ISABELLA ROLLS CLIFFORD

Thirty Two Years of Service

1938-1970

Mrs. Isabella Rolls Clifford, known to thousands of students, faculty members, townfolks, and friends as Isabella, or "Miss Isabella", had with dignity and grace served Potomac State College for thirty-two years. The twinkle in her eyes, and her pert smile, has enabled many a student to start the day in an optimistic mood. In turn, most students greeted Isabella every morning with "Good morning! Isabella!" or "Hi! Isabella!" and she, too, would smile in return.

At graduation time, Miss Isabella often stood on the side lines and witnessed the graduates march past, and there is little doubt she was proud of the role she played in the lives of the many graduates.

With due respect and gratitude, the staff of the 1970 **Catamount** proudly dedicates this book, in part, to faithful Isabella Rolls Clifford, who will always be "Miss Isabella" to us.

ADMINISTRATION FACULTY

DR. TODD H. BULLARD

President

The President's Message

"A New Decade," the theme of this yearbook, reminds us not only of the passage of time, but also of the implied promise of change in the years of the seventies.

Certainly the 1960's brought profound dislocation and change to much of American society. The seventies beckon with uncertain meaning. So far as Potomac State College is concerned, the new decade undoubtedly signals renewed efforts to define the purposes and nature of higher education and to devise strategies to achieve new levels of insight. We shall need to investigate many of our assumptions regarding why and how particular things are learned. We may conclude, faculty and students alike, that new times require different approaches to education. For all of us then, the seventies promise challenge and rational response at Potomac State College.

As you peruse this Catamount, I hope you find much that reminds you of worthy effort and significant ideals. I hope, too, that as you look back to 1969–70, you will find intimations of a future bright with hope and signs of educational effort appropriate to a new decade.

ORGANIZATIONS

Student Government

Student Government, the governing order of the Student Body, has as its goals the furthering of school spirit and the achievement of a cordial understanding between students and faculty. Its duties include the organization and management of many activities on campus.

Beginning at registration, Student Government welcomed freshmen, distributed Freshman Rules, sold "beanies" and sponsored a watermelon feast in the Student Union.

In tribute to Coach Dana G. Lough, Student Government worked hard to make Homecoming and Parent's Day the best in P.S.C.'s history. A parade, thuse, bonfire, wiener roast, talent show and dance "kicked off" the weekend celebration. This year's theme for.the Homecoming Dance was "A Hundred Years of Football and 35 Years of Service to Potomac State College."

Along with the drafting of a new Constitution, Student Government nominated students to serve on the 10 college committees enabling them to work with the faculty in deciding school policies.

A major activity sponsored by Student Government jointly with Circle K was the appearance of McKendree Spring in a two-hour concert on January 24. The concert attracted an audience of over 600 students and adults.

The Legislature worked diligently throughout the year to uphold the Constitution by trying "to promote a common understanding, to provide for the orderly conduct of the affairs of the college, to elevate the standards of scholarship, and to increase school spirit."

Catamount

The 1970 Catamount has set as its goal the production of a yearbook which will serve as a reflection of this year's images fo the students to keep with them in their future lives.

The production of the book began at the beginning of the year, although the staff was chosen last year. It progressed from plans in minds and on paper to the actual editing, and finally to the distribution of the books.

The 1970 Catamount is a result of many hours of labor by the staff with the hope that it will be received as a success by the students. To them it should represent the memories, hopes, and dreams that are crowded into one short year at Potomac State College.

This year's Catamount is presented to the Student Body in the hope that these pages have captured that feeling and spirit that can be found here at Potomac State College.

Dr. Atwater and Staff Work to Meet Deadline

Continuing its tradition of nearly half a century, the **Pasquino**, the campus newspaper, presents Potomac State College news and views fortnightly for students, parents, the college staff, many alumni, a broad coverage of other colleges and high schools, and others.

The newspaper came into existence in September, 1921, the same time the institution acquired junior college status.

The journalism department sponsors the publication, and working with the paper gives journalism students valuable laboratory experience. There is, however, an opportunity for non-journalism majors to have staff positions, especially in such non-editorial roles as working with the advertising, circulation, and photographic staffs. For class and editorial work, students work in a modern journalism complex in Academy Hall, opened this year. In addition, the students have the advantage of working at the Keyser **News-Tribune** on page paste-ups in preparation for the printing which is done in offset. Sponsored by the **Pasquino** are the annual Student-Faculty Directory and a staff banquet in the spring.

Circle K

The Circle K Club of Potomac State College is the only true service organization on campus and is dedicated to the ideals of service to the college and the community of Keyser. The club was established in 1952 and was issued certificate number six when Circle K became international. At the present time, there are 750 Circle K clubs and over 16,000 members in the United States and Canada. The club is made up of young men of good character and scholastic standing bonded for the common purpose of the uplifting of humanity and the preservation of the ideals of our democracy. Their only return from this never-ending service is the thanks and appreciation that comes from such work.

The club has always been very active with the major projects this year being: sponsoring the Homecoming parade, bringing the Red Cross Blood Mobile to the campus, working at football and basketball games, co-sponsoring with the Student Government the McKendree Springs Concert, delivering birthday cakes to the students, delivering "starvation kits" to the students during the final examination periods, operating the used-bookstore, and many other such worthy projects. In line with the international theme for 1969-1970 "Drugs and Drug Abuse", the Circle K Club sponsored several lectures and films on the effects of drug abuse.

Through this service to the campus and community, a tradition has evolved for Circle K members. This tradition is one of leadership and of character.

The Potomac State College Agriculture Club is open to all students majoring in Agriculture, Pre Veterinary Medicine, and Forestry. The club was organized in October, 1954, and since then has developed the use of parliamentary procedure at its meetings, developed cooperation, citizenship, and leadership, and developed and promoted recreational activities.

The activities of the club are planned on the basis of pleasure and profit. The annual shooting match is always a success and along with planned sale of beef, pork, and flower bulbs the club hopes to make enough money to carry out some of its various activities. These activities are a field trip, a barbecue to which the faculty was invited, and a field trip with the Home Economics Club to a point of interest of both clubs. Also, a joint meeting and party was held with the Home Economics Club. The highlight of the year was the visitation of Dr. F. J. Mulhern of the United States Department of Agriculture who spoke on pesticides and their effect on man.

Engineers Club

The Engineers Club, lending a professional atmosphere to the academic life of the engineers on the campus, has been in existence since 1932. The main purpose of the organization is to make the student engineer aware of the professional aspects of engineering. This is accomplished throughout the college year by inviting engineers to give talks at meetings, showing industrial films, and taking trips to nearby industries. The organization is open to all engineering and technology students on the campus. Worthwhile projects for each year are selected, suggesting a semi-professional effort in engineering, to benefit the college. A year end banquet with an industrial engineer as speaker usually concludes the organization's academic year.

The Potomac State College Home Economics Chapter is affiliated with both the West Virginia and American Home Economics Associations. The purpose of the chapter is to promote interest and information on home economics.

The Home Economics Chapter sponsored the sale of mums and cooperated with the Agriculture Club to build a float for Homecoming. The Chapter initiated a stamp saving program on campus and headed the State Committee on Nutrition for the White House Conference on Food and Nutrition. Members of the Chapter acted as tour guides for the annual FHA Convention held on Potomac State Campus in the fall. Monthly programs concerning flower arrangements, food demonstrations, and careers in home economics were arranged by the Chapter.

Lana McLaughlin was elected Vice President of the College Section of the West Virginia Home Economics Association. The Potomac State Chapter also participated in the Fall planning meeting, held at Cedar Lakes, for the Spring conference held in Morgantown. An educational tour was sponsored jointly with the Agriculture Club. An Ideas and Issues Program featuring Dr. Naomi Albanese was presented during the school year.

Women's Athletic Association

"A sport for every woman and every woman in a sport" is the motto of the Women's Athletic Association. It was organized to popularize women's athletics and to provide leisure time activities.

The aims of this organization are to develop standards of leadership and sportsmanship and to promote those activities which may be adapted to the leisure time of later school. Intramural games are bowling, volleyball, basketball, ping-pong, badminton, and shuffleboard.

The club is open to all girls enrolled in Potomac State College. A total of 250 points entitles a member to an emblem. These points are acquired by participation in tournaments, attending meetings, and in other ways.

This year Women's Athletic Association is larger than ever before with a membership of 75.

Residence Association

Friend Hall

The Women's Residence Association, which is composed of all women living in Friend and Reynolds Halls, aims to create a friendly, co-operative atmosphere in the Women's Residence Halls. Established on December 7, 1944, the association works in coordination with the two Hall Councils to further desirable living standards in the Residence Halls. The organization endeavors to contribute to the social and the cultural aspects of college life.

Some of the activities of WRA this year include participating in the Homecoming Parade, aiding with the Parents' Day Activities, and sponsoring Halloween and Christmas parties in the Halls.

During the first semester, the WRA Council, cooperating with the Hall Councils, worked with the college administration on revision of regulations for women living on campus.

The WRA project of presenting paintings to the lounges of the Women's Halls was completed in 1969. Reproductions of the following paintings were presented: "Sacrament of the Last Supper" by Salvador Dali (presented in cooperation with the Christian Youth Fellowship); "Mona Lisa" by Leonardo Da Vinci; "Autumn in Paris" by Michael Cascella; "Cornfields and Cypress Trees" and "Sunflowers" by Vincent Van Gogh. The following are original paintings; "Autumn Mirage", "Football", "Seascape", and "Waterlilies" by Melvin Stauffer.

The Men's Residence Council was formed in 1934 and is made up of members elected from the residence members of the two dormitories. The council has the authority and responsibility to develop a program of activities for resident men, such as movies, game instruction and elimination tournaments, formal and informal parties and dances, entertainment, and memorial gifts.

The council sponsors such things as: Christmas decorating of dormitory trees, taking care of floral contributions in event of the death of a resident's parent, holding snack parties in the cafeteria for members of both the men's and women's dormitories, and having an annual open house event to which all students, and faculty members, are invited to attend.

The Newman Club, a religious organization of Catholic students on campus, strives to expand the students' religious interests. A national organization, the Newman Club was brought to Potomac State in 1948. Its purposes are to foster the spiritual, intellectual, and social interests of Catholic students.

In addition to the regular bi-monthly meetings, informal discussions and debates are held on topics dealing with controversial issues in the church. Father Paul Jenkins, of Assumption Catholic Church in Keyser, serves as the club's chaplain. The Newman Club also sponsors campus activities including dances, movies, and a spaghetti dinner.

Spelunker's Club

The Spelunker's Club was formed to provide an educational and recreational extracurricular activity for interested students in their spare time.

Some of the members have been exploring caves since the fall of 1968. With interested freshmen in 1969, the idea for a club arose. Meetings were held in the Student Union and Dr. Murphy was chosen as advisor. A constitution was drawn up and presented to the college administration.

The Spelunker's Club is open to all students enrolled at Potomac State College. Members are not required to go on all trips. The club has made it a policy to take visitors when possible. The caves are usually explored on week-ends. The largest cave visited was Cave Mountain Cave near Smoke Holes. Five of the members spent the night in the cavern and explored over two miles of passages on five levels. One room on the first level was 900 feet long, up to 35 feet high and 50 feet wide. A second room on the third level was 1500 feet long, 65 feet wide and 50 feet high. The cave had many interesting columns and flowstones throughout.

The Spelunker's Club is looking forward to greater activity and welcomes new members. It is a fascinating hobby in the underground world.

Insight for Action was organized in order for students to examine themselves, their knowledge, abilities, passions, and energies by their own direct experience in a social activity. At the same time, the members hope to give service to society through action. There is no restriction to membership. All activities, rules, and purposes are determined by the members. The main project is tutoring disadvantaged children at the Burlington United Methodist Home. Through effort given, each member achieves personal satisfaction and development.

With the expressed purpose of instructing interested students in acting, lighting techniques, stage make-up, and set direction, the players was organized in 1919. It was established for the presentation of theatrical productions.

The combined efforts of the players presented three one-act plays. This marked the beginning of a new stage of twelve square feet, which is surrounded on three sides by the audience. The play, "Visit to a Small Planet" by Gore Vidal was also presented. A third production was presented in conjunction with the Stage Band.

The curtain rose on the second semester as six additional one-acts were presented in two Theater Workshops. The players also did Ronald Ribman's "Journey of the Fifth Horse," and a second Potomac Showcase. The traditional children's play concluded the second semester activities.

Potomac State Singers

The Singers, the college choral organization, is a mixed chorus open to all students by audition. The Singers perform both sacred and secular choral literature chosen from the works of the earliest masters to those of the present day. Performance responsibilities of the group include the Christmas and Spring programs and the series of programs presented while on tour to high schools throughout central and eastern West Virginia and neighboring states. The Singers are sometimes called on to perform for various other college programs and functions. Performance activities usually close with the Singers' participation in Sermon and Commencement.

Potomac State Concert Band

The Potomac State College Concert Band is a credit course open to all students who desire to continue and expand their musical training and appreciation. Through regularly scheduled rehearsals, the Concert Band devotes its time to the study and performance of band literature of the highest possible quality. The Concert Band participates in a Christmas Concert each year and presents a spring concert. Also, in the spring, the band makes a performing tour to neighboring high schools and plays for graduation.

Potomac State Stage Band

The Potomac State College Stage Band is a credit course and is open to any student possessing the playing skills necessary for performing dance band music. The prime objective of this organization is to afford the members the opportunity to gain knowledge and experience, through performance in the field of dance music. Regularly scheduled rehearsals are held each week in preparation for the several concerts and the annual spring tour usually made in conjunction with the concert band and the Potomac State Singers. This year the Stage Band sponsored and performed in, along with the Drama Club, the second annual campus talent showcase. Other highlights of the year included playing for the Future Homemakers of America Convention which was held on the campus and a fall trip to Hampshire County High School followed by a concert in the Potomac State Student Union.

A student-faculty organization, Sigma Phi Omega honor fraternity was established at Potomac State College in 1923. This organization was founded for the purpose of fostering scholarship and citizenship. It has remained a local honor society throughout these years with its own constitution, ritual, insignia, and traditions. Membership in Sigma Phi Omega is the highest honor to be conferred on Potomac State College students.

Sigma Phi Omega sponsors two convocations annually. The first, the Know-Your-Organizations assembly, is presented during Freshman Week in order to acquaint new students with the various campus organizations, their objectives, and their activities. At the end of the school year the society presents Recognition Day. At this convocation various honors and awards are presented and a summary of the activities of all campus groups is given.

The highlight of the academic year is the Spring Banquet, which honors new members and the parents of all members, as well as the faculty of Potomac State College. The society invites an outstanding personage to be guest speaker at this event.

Members of Sigma Phi Omega strive to be helpful wherever possible in cooperation with students, administration, and faculty.

Roth Military Honorary Society

The Roth Military Honorary Society was organized in 1953 to pay tribute to students enrolled in ROTC who maintained a high academic average in ROTC and their other academic subjects and who displayed moral integrity and citizenship.

The society was named after Col. Samuel Roth who was instrumental in establishing the ROTC program at Potomac State College. Col. Roth was the Professor of Military Science at West Virginia University.

To be invited and accepted into the society, a student must attain a minimum grade of "B" in Military Science and have an overall academic average of "C" or better.

The preamble of the society's constitution best serves to state the purpose and objectives of the society.

> "We, the members of the Roth Military Honorary Society, in order to foster, develop, and preserve the highest ideals of the Military Profession, to promote American citizenship, to encourage and increase leadership, and to provide recognition of a high degree of military attainment among the cadets of the Reserve Officers Training Corps unit at Potomac State College of West Virginia University, do hereby establish this constitution."

Under the leadership of Stephen W. Wolford, the organization has been active. The annual Roth Banquet was held in November and highlighted the first semester activities which included initiation of new members, entering a float in the Homecoming parade and supporting the Catamount Rifle Team. The second semester saw Roth sponsoring the annual Military Ball in April, selecting a queen to reign over the ball, initiating freshman members and nominating ROTC Battalion sponsors for election by the freshmen of the Battalion. Throughout the entire year, Roth sponsored and conducted ceremonies of a military nature in conjunction with college events.

Members of the society are distinguished from other members of the cadet corps by the scarlet and white ribbon and fourragere worn by all members. Membership in Roth Military Honorary Society is considered a scholastic achievement which is a status sought by all cadets and will as such inevitably carry on in the fine traditions characteristically sought by this organization.

The Catamount Rifle Team is sponsored by the ROTH Military Honorary Society and is affiliated with the National Rifle Association. To become a member of the team, one must meet requirements set forth by the National Junior college athletic association. The aim of the rifle team is to encourage rifle marksmanship and shooting safety. Sophomore members are awarded sweaters; Freshman members are given letters if they complete the required number of matches.

The return of six experienced Sophomores and the addition of several promising Freshmen produced a well-balanced team. After their first six matches, which were to date postal type matches, the Catamount Riflemen compiled five wins with only one defeat. In postal matches, the team competed against such teams as Philadelphia College, Bucknell University, Marion Institute of Alabama, State University of N.Y., and other colleges throughout the country. Shoulder to shoulder matches are scheduled for the remainder of the year with the team firing against Loyola College of Baltimore, West Virginia University, and Penn State.

The addition of the girls team has proven to be very competitive for the team, making the outlook for the remainder of the year, and future seasons very promising.

Military Marching Band

The Potomac State College R.O.T.C. Marching Band is made up of men regularly enrolled in the ROTC program and volunteers from the sophomore class. Members may earn up to thirty ROTC merits for participation and may also earn one hour of college credit. In the fall the band performed for the ROTC noon formations, the home football games, and the homecoming parade. The annual inspection and the President's review highlighted the spring season.

The ROTC Drill Team is a volunteer organization whose members are selected on a competitive basis for proficiency in drill. The first drill team was organized October 30, 1957, under the command of Cadet Captain Byron Athey. The purpose of the drill team is to develop leadership potential through the discipline of precision drill and to represent Reserve Officers Training Corps in local and campus activities. The team strives to maintain high standards, and individual members must constantly improve in order to remain with the team. During the month of October 1969, the team marched in the Oakland "Autumn Glory Festival" parade, winning second place for drill units. In November, 1969, the cadets participated in the "Parents Day Homecoming Parade", and presented a drill exhibition during the Parents Day Homecoming football game. They were honor guard for the Keyser Veterans Day Ceremonies and marched in the "Frostburg Christmas Parade", winning second place for drill units. The team in December, 1969, marched in the "Keyser Christmas Parade", winning first place. Under the command of Drill Master Robert D. Plummer, the drill team brought credit on itself and Potomac State College throughout the Tri-State area.

Eta Upsilon Gamma

Sorority Sisters Compare Notes

Eta Upsilon Gamma

Eta Upsilon Gamma Sorority was founded at Christian College in Columbia, Missouri, in 1901. It is the oldest national junior college sorority in the National College Panhellenic. The aims of Eta Upsilon Gamma are to promote achievement, stimulate school spirit, and to broaden and enrich friendship.

Eta Upsilon Gamma began the year with an informal rush party to entertain prospective pledges. Refreshments and entertainment highlighted the activity, and, as a result, Omega Chapter inducted 14 pledges into the sorority. October, the month of Homecoming activities, found Mary Lou Droppleman as a candidate for Miss Catamount. During Homecoming the sorority combined efforts with their brother fraternity, Theta Sigma Chi, and entered a float in the annual Homecoming parade. In November, Sue Smeltzer was elected to reign as Queen of the Harvest Swing, which was presented with our brother fraternity. In December, all actives and pledges were guests at the Gamma Christmas party, with gifts being exchanged between members of the sorority. Second semester started with the pledges going active and receiving their mugs and sweatshirts. During the spring semester, Gammas held a rummage sale and a work week to raise money. During work week, the girls performed odd jobs for the faculty and administration of Potomac State. Active participation in school government has always been a characteristic of Eta Upsilon Gamma, and this year is no exception. Judy Payne served as Secretary first sememster to Panhellenic; Sue Smeltzer served as Secretary second semester to Panhellenic; and Melissa Morrone served as Freshman Representative to Panhellenic. The social season terminated with the election of next year's officers and the annual Spring Banquet honoring the sophomore members.

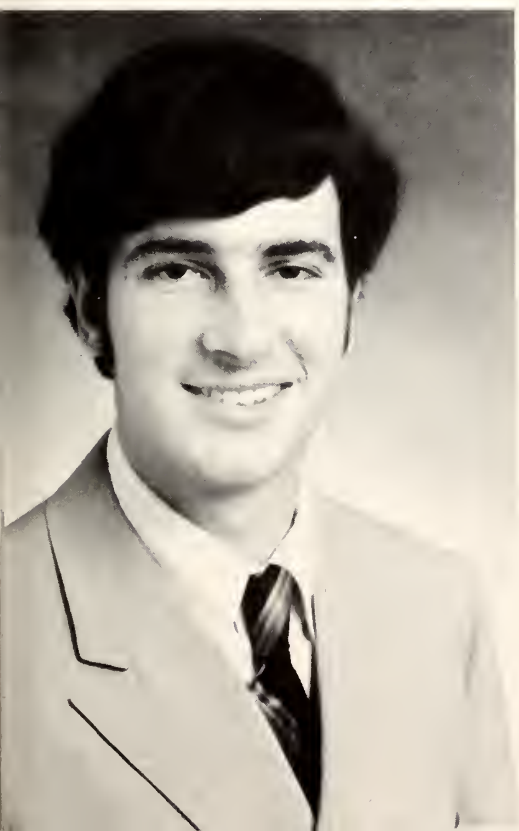
Theta Members Help Prepare Float

Theta Sigma Chi



Theta Sigma Chi Fraternity was founded in 1922, and is designated Alpha Chapter of the National Theta Sigma Chi Fraternity. Its objectives are the development of high moral character, the promotion of brotherhood, justice and fidelity, stimulation of school spirit and the strengthening of Potomac State College.

Theta Sigma Chi is an active participant in group activities. In the fall it sponsored the election and coronation of the Homecoming Queen. This year's Miss Catamount was Miss Nancy Nicholson. The Thetas also volunteered to decorate the Armory for the Homecoming Dance. The Thetas co-sponsored a float in the Homecoming Parade with their sister sorority, Eta Upsilon Gamma. The Thetas also enjoyed numerous informal gatherings during the year.

Many Theta Sigma Chi members held various positions in campus organizations. Among these are: Mark Angle, Sports Editor of the Pasquino; David Berry, Dean's List and member of Sigma Phi Omega; John Brown, member of Sigma Phi Omega; John Grahame, President of the Student Government and Drill Team member; William Jenkins, President of the Freshman Class; Michael Joseph, Vice-President of the Newman Club and a member of the Insight for Action Committee; Richard McKeta, Drill Team member, and a Major in ROTC; Stephen Wolford, President of Roth Military Honor Society, and platoon Sergeant in ROTC; and Carl Whisner, Vice-President of the Panhellenic Organization.

Theta Sigma Chi is grateful to Mr. Irvin L. Dayton for the twenty three years he has devoted to the Fraternity. The Thetas wish many years of happiness to Mr. Dayton after his retirement this year.

Kappa Delta Psi

Kappas Homecoming Float

Kappa Delta Psi

Established in 1951, Kappa Delta Psi is the youngest sorority on campus. It was established primarily for girls who will transfer to a university and wish to join a national sorority there. Members are expected to uphold the motto of truth, honor, and purity and are encouraged to be examples of good citizenship and scholarship.

The year began with an informal Rush Party with their brothers in the Science Hall assembly room. The principles of the sorority were explained and entertainment was provided. Homecoming was a busy time, as usual, with the construction of the float which would represent them in the parade. During Hell Week pledges were thoroughly "tested" before they were permitted to participate in a formal ceremony and become a Kappa. In November, the girls had an informal Autumn Party with their brothers. The end of the semester was climaxed by a Christmas Party in the home of one of their patronesses, Mrs. Clark Bright. In the Spring, Kappas co-sponsored the Easter Ball with their brother fraternity. Highlight of the entire year was the banquet at which Kappas reviewed their year's activities and next year's officers were announced.

The following were active in campus organizations: Jane McLaughlin, president of Panhellenic; Marsha Hutt, member of Sigma Phi Omega Honor Society; Belinda Sandy, member of the campus 4–H Club; and Janet Allison, member of the Rifle Team. Betty Jo Hamm was Kappa's candidate for Miss Catamount.

Phi Kappa Omega

The Phi Kappa Omega fraternity was organized at Potomac State College in 1949, as the E.I.T. fraternity; in 1950 the Greek name Phi Kappa Omega was adopted. The fraternity's goal is to develop leadership qualities, build moral character, promote good scholarship, and instill in its members a fraternal spirit, thereby strengthening both the fraternity and Potomac State College.

Many brothers were active in other campus organizations. Our president, Brother Donald Friend was an active member of Circle K. Brother Charles Scrimger was the 1968–69 Mr. Catamount, member of the Roth Military Honor Society, the Drill Team, and Vice-president of the CYF. Brother Dave Pritts was a member of the Drill Team. Brother Don Neely was Vice-president of the Engineers Club.

Various activities sponsored by the fraternity this year included the annual Rush Party and the building of a float for the Homecoming Parade.

Loyalty to the college was exemplified by the members who helped to build the annual bonfire and sponsored a Back-to-School dance.

Phi Kappa Omega is proud of the high moral character and integrity of its members. They spread the fraternity's high ideals among the students and constantly strive for betterment of themselves and Potomac State College.

Donald Friend, Pres.

Sigma Iota Chi

Cathy Goheen, Pres.

Sigma Iota Chi, the largest national Junior College Sorority in the United States, has been represented at Potomac State by Epsilon Chapter since 1923. Sigma Iota Chi was founded by Greer A. Duncan at Alexandria, Louisiana in 1903. The sorority's purpose is to perfect and in our everyday life carry out the meaning of sisterhood, to be forgetful of self and mindful of others, and to reach the highest standards possible, mentally, morally, and physically.

The annual fall rush party was held with our brother fraternity, Phi Sigma Nu, at the Heritage House. Thirty-seven pledges were received into the sorority. They quickly joined the actives in preparing a float for the Homecoming Parade. The annual Christmas party was held at the home of Dorothy Stephen. In January Sigma Iota Chi sponsored a Sigma Fair and on Valentine's Day the Sigma Sweetheart Ball was held. The Sigma year ended with a banquet at which the new officers were initiated.

Honors received by Sigmas: Karen Ballard, Cheerleader, ROTC Sponsor; Carol Daniels, Secretary of Sophomore Class; Cathy Goheen, President of Panhellenic, President of Newman Club, Member of Sigma Phi Omega Honor Society; Nancy Nicholson, Homecoming Queen; Becky Neuhardt, President of Players, Alpine Princess; Sharon Hartstein, Runner-up to Miss Catamount; Karen Pennington, Sigma Phi Omega; Linda Urbas, President of WRA, Member of Sigma Phi Omega, Runner-up to Miss Catamount; Paula Wolford, Member of Sigma Phi Omega.

Phi Sigma Nu

Gary Stanton, Pres.

Phi Sigma Nu has been an outstanding social fraternity at Potomac State College. With its founding on campus in 1922, the fraternity holds membership in the National College Panhellenic and is titled Beta Chapter of the National Phi Sigma Nu Fraternity.

The objectives of the fraternity are to promote leadership, to develop a feeling of brotherhood among its members, to strengthen moral character, and to encourage academic achievement. The fraternity competed with the other fraternities and independent organizations on campus in football, volleyball, and basketball. The first semester began with the rush for new pledges. Then to get behind the team, we presented a roaring bonfire, plus a fraternity cheering section at each game. The first semester closed with a bang as the Modest and Shy, played at our annual Christmas dance. The second semester began with a program for the clean-up of the Student Union and the placing of numbers on the doors of the Administration Building.

Brad Shuman became the President of the Student Government at the beginning of 1970, and Gary Stanton moved up to the Sophomore Class President. Kevin McDowell was Vice-President of the Freshman Class, with John Rankin as Freshman Class Representative to the Student Government, and Randy Richardson Student Representative from the fraternity.

Phi Sigma Nu is proud of the high moral character and integrity of its members. They spread the fraternity's high ideals among the student body and constantly strive for the betterment of Potomac State College.

The Panhellenic Council governs the Greek organizations of Potomac State College and correlates their campus activities. The Council's purpose is the promotion of good will and cooperation among the fraternities and sororities.

In September, two members, one of whom is the president, are elected from each Greek organization on campus to form the Panhellenic Council.

Panhellenic meets on the first Monday of each month to consider fraternity-sorority relations and proposed campus activities. The most important Panhellenic discussions center on the regulation of Rush Week, Hell Week, fraternal participation in campus elections, and the selection of the fraternity and sorority which, through a system of points, have made the greatest contributions to campus life for the year.

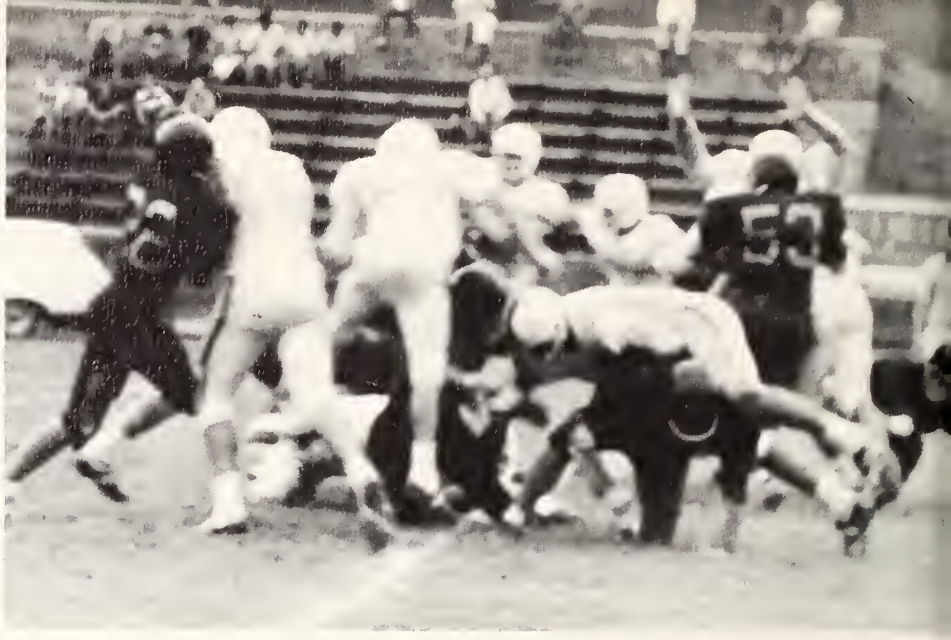
Potomac State Catamounts Football 1969 Season



"The ball, the ball! Who's got the ball?"

The Middies of Bainbridge Naval Academy spoiled the 1969 season opener for the Potomac State Catamounts, winning by a 31-6 count. The game played in a steady drizzle saw the Cats score only once on a 35-yard run of Rick Avjean.

The Chowan Braves from Murfreesboro, North Carolina handed the Catamounts their second straight defeat when they rallied to a 29-12 victory at Stayman Field. Lanny Propst hit Stan Schaefer with a 26-yard pass for the first Cat touchdown. Later Propst scored from three yards climaxing a 65-yard drive.

Traveling to New York to play Nassau Community College, the Catamounts were routed 65-0. The Cats' desperate effort was not enough for Nassau's superior offense.

The Cats failed at their attempt to pick up an initial win for the year when they dropped a 19-0 contest to Montgomery Junior College of Rockville, Maryland. The away game was characterized by strong defensive effort on the part of the Cats.

Wesley College ruined State's bid for its first win of the 1969 campaign when it handed the Cats a 53-14 beating at Stayman Field. Joe Jaglowski put State on the board when he slammed over from the one-yard line. Danny Hinkle scored the other Cat TD from the ten-yard line.

Harford Junior College capitalized on a pair of interceptions to defeat the Cats 20-6 at BelAir, Maryland. Rick Avjean scrambled 80 yards for the only Cat TD.

Potomac State Catamounts failed in their last attempt to pick up a victory in their 1969 football season when Baltimore Junior College handed them a 41-0 set-back at the Homecoming and Parents' Day game November 8.

1969-70 Basketball Season

Coach Dana G. Lough began his 35th season as lead basketball coach by dropping the first contest to Mongtomery 109-64. Coach Lough was plagued with a lack of experienced men. Sophomore James Brodengeyer clipped in 11. The next night the Middies of Bainbridge handed the Cats their second defeat 99-51. Freshman James Robinson netted 14 points. Bainbridge's superior height meant the difference in a game which started out as a defensive battle.

On their first road trip of the year, Prince George Community College scorched the Catamounts 110-51. Prince George put on a high-scoring performance, netting 59 points in the first half. Sophomore Richard Holland clipped in 12 points to add to the losing effort. The following afternoon the Cats battled Charles College, Waldorf, Md. The Cats playing a strong defense slowed the Charles College shooting display down, but their effort was not enough. Charles finally won 84-75. Freshman James Robinson burned 21 points, with Jim Brodengeyer adding 15 and Lanny Propst chipping in 13. The Cats closed out their pre-holiday festivities by losing to Hagerstown Junior College 105-56. Jim Robinson pushed in 16 and Mike Ahlfeld netted 14.

Potomac State started the second semester with only 9 basketball players. Facing Allegheny campus of University of Pa., the Cats showed their lack of personnel losing 101-74. Yet Jim Brodengeyer burned in 25 points, Jim Robinson netted 19 points and Richard Holland added 9 points. Montgomery Junior College handed the Cats their next defeat 109-83. Montgomery's sharpshooters proved superior to the Cats' defense. Richard Holland clipped in 23 points and Jim Brodengeyer added 21. The cats' battle-ridden defense was not enough to stop the superior shooting of Allegany Community College, who routed the Cats 102-76. However, Jim Robinson burned in 26 points and Jim Brodengeyer clipped in 15 points. The Cats' defense greatly improved, was not enough for the Campers. Traveling to Harford Community College, the Catamounts were handed a defeat 68-53. The Cats battled to a 30-21 halftime on the shooting of Jim Brodengeyer and the defensive play of Robinson. Brodengeyer finally netted 17 points and Robinson 12. The next night the Cats dropped another close one 78-61 to Essex Community College. Essex leading only 31-27 at halftime finally won 78-61. The Cats' cold shooting was the factor which made the difference. Robinson and Brodengeyer netted 14 each.

Playing before a near capacity crowd, the Cats won their first game 73-70. The sharpshooting of Brodengeyer, Robinson, and Holland was too much for Frederich Community College. Down 35-28 at halftime, the Cats rallied to win on their shooting, and good ball control. Brodengeyer burned in 23, Robinson netted 21, and Holland meshed 17. Shenandoah College handed the Cats a 86-68 defeat on the cold shooting of the Cats. Shenandoah's defense slowed the Cats down too much. Holland added 18 and Robinson tossed in 16 to the losing effort. The Cats, playing at home again, were scorched 70-45 by Catonsville. Brodengeyer managed to net 17 points, despite the Catonsville's defense and Cats' cold shooting.

Journeying to Altoona, the Cats dropped a close one 79-75 to the Altoona campus of the University of Pitt. Holland's 21 points, Brodengeyer's 19, and Robinson's 17 was not enough for the full court press often employed by Altoona. Allegany Community College sharpshooting display left no doubt as to the victor beating the Cats 98-88. Holland added 22 points and Brodengeyer tossed in 23 points to keep the Cats in the game right up until the end.

With games left with Altoona and Shenandoah the Cats are still anxious for a victory to close our Coach Dana G. Lough's career.

"Hooray! Hooray! We Won!"
